Number: 1.1/01-1940-2/17

Date: 7 December 2017

Invitation for Bids

Pursuant to the Decision of Management of Mixed Holding "Power Utility of the Republic of Srpska" no. 1.1/01-1940-1/17 as of 6 December 2017, as well as on the basis of the Rules on Supply and Trade of Electric Energy at Weekly, Monthly and Annual Level, the Management of MH "Power Utility of the Republic of Srpska", Parent Joint-stock Company Trebinje, issues:

**PUBLIC INVITATION
for collection of bids for electric energy to be sold
in the period from 14 December to 31 December 2017**

1. Mixed Holding "Power Utility of the Republic of Srpska", Parent Joint-stock Company Trebinje (MH "ERS") issues the public invitation for electric energy sale, as it follows:

Lot no.	Delivery period	Power (MWh/h)	Energy (MWh)	Delivery Profile and Guarantee
1	14.12.2017 - 31.12.2017	up to 80	34,560	"base-load, 00-24h" non-guaranteed

Total quantity (MWh): 34,560

The Bid must be addressed to the whole Delivery Period, provided that it does not have to be addressed to the whole quantity, it may relate only to the part of quantity, but the power shall not be less than 10 MWh/h.

In this case, the Bidder with the lowest passing price is obliged to accept also a part of the offered quantities which may be less than those to which it applied, given that the Bids' ranking is done according to the criteria of higher prices up to the maximum amount of quantity.

The Bidder is obliged to offer the advance payment method. The deferred payment method shall not be acceptable for the Seller.

2. This Invitation is referred to all interested Bidders. The sale will be realized through the international public announcement – Tender – and it is open, under the same conditions, to all domestic and foreign Bidders.

3. The electric energy is sold as "non-guaranteed" delivery, i.e. the Seller has the right to cancel delivery of electricity in duration of up to 72 hours, sending notice 8 hours prior to delivery interruption.

4. The electric energy will be supplied through the interconnections of 110 kV, 220 kV and 400 kV transmission lines, in accordance with the standard terms and conditions that commonly apply for European Interconnection (ENTSO-E).

5. The total quantity of electric energy to be sold is: **34,560 MWh**.
6. The delivery point is inside Bosnia and Herzegovina or on the DAP Bosnia and Herzegovina border in accordance with Incoterms 2010. MH ERS does not dispose of any cross-border transmission capacity.
6. The Bids must be submitted on 12 December 2017 (Tuesday) no later than 11.30 a.m. local time at the MH ERS protocol office, at the following address:
